COVER LETTER

Skilled and flexible FX & 3d Artist with 4 years of experience working in CG industry with several studios as Employee or Freelancer. Mainly specialized with Fluids (SPH, Grid-Based Solvers) and Dynamics but also with good skills in Modeling, Texturing, Lighting, Rendering and Compositing.

During these years I've developed a solid understanding of the pipeline, a more critical eye for physical effects and improved my abilities including scripting and building procedural tools.

Self-motivated, I can adapt quickly to new workflows and different solutions.

I work well under pressure (also till very late night) and able to meet tight deadlines.

I hope that my skills are matching with your requirements.

I would be very much interested in discussing further this opportunity with you.

I am currently in Bari, Italy but am willing to relocate.

Feel free to contact me on Skype (ID: [eduardschulze](#)), via phone (+39 393 3859391) or email (eduardschulze@gmail.com).

Thanks for your time and consideration.

Sincerely

Eduard Schulze-Battmann
